To avoid abandonment of this application, applicant must timely file one of the following replies: (1) an amendment, affidavit, or other evidence, which places the application in condition for allowance; (2) a Notice of Appeal (with appeal fee) in compliance with 37 CFR 41.31; or (3) a Request for Continued Examination (RCE) in compliance with 37 CFR 1.114. The reply must be filed within one of the following time periods:

TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f).

Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any extent extent term adjustment. See 37 CFR 1.704(b)

Continuation of 11. does NOT place the application in condition for allowance because: With respect to the applicant's arguments regarding the combination of the Jocheim and Maldonado patents, the applicant submits that one of ordinary skill in the art would have no reason to mount Maldonado's couplping elements on the printer circuit board with the upper and lower shells.

The examiner submits that the Jochiem reference discloses wherein a radio terminal device have a printed circuited board with a plurality of components and implementing a resin housing covering the rear surface of the printed circuit board. In related art, the Maldonado reference teaches an internal antenna disposed on the rear surface of the printed circuit board, wherein an antenna is accomated within the resin housing.

The examiner cites the teaching "an antenna being disposed within the resin housing" of the Maldonado reference reads on the claimed material within independent claim 1 of the instant application.
